MOTTO—LIVE FOR OUR FRIENDS—DO THE GREATEST AMOUNT OF GOOD WE CAN TO THE LARGEST NUMBER OF PEOPLE.

Terms: \$1.00 Per Year in Advance.

BARBOURVILLE, KENTUCKY, FRIDAY, DECEMBER 4, 1908.

Fifth Year. Vol. 5. No. 43

FARMERS

Are Asked to Discuss Conditions.

Country Life Commission Wants Conclusions Reached in Conference.

The following circular letter is being sent out by State Superintendent J. G. Crabb:

Dear Sir: President Roosevelt has suggested that the Commission on Country Life "ask the farmers to come together in the several school districts of the country so they may meet and consider" the questions concerning which the Commission is seeking information. The President desires that these discussions be held not later than Saturday, December 5.

I am writing you to request that you suggest to the school officers, or other leading citizens, in the several school districts, to meet at their school houses or other customary meeting places, and discuss the general economic, social, sanitary, educational conditions of country life in their respective neighborhoods. The President suggests the following topics: The efficiency of the rural schools; farmers' organizations; the question of farm labor; the need of good roads; improved postal facilities; sanitary conditions.

The Commission has issued a series of questions on which information is desired. Copies of these questions (which are to the nature of suggestions) may be secured by addressing the Commission at Washington.

The Commission desires to have the judgment of competent men and women on any of these great public questions, and to receive suggestions as to whether the government can aid in improving any of the conditions of country life. The Commission desires that a brief statement of the general conclusions arrived at in these discussions be sent to the office in Washington.

This letter is sent to all county superintendents, or equivalent officers, in the United States, in order that these subjects may be everywhere discussed practically simultaneously. The Commission asks your co-operation in securing these meetings in the interest of the public good. The meetings should be held not later than the first week in December.

The whole success of the work depends on the attitude and co-operation of the farming people of the United States. The Commission represents them, and it heeds their suggestions.

Yours truly,
J. Crabb, Supt.

TWO SETS OF OFFICERS.

The County Committee met here last Saturday and after some discussion of the matter appointed two sets of election officers for the primary which is to be held here to-morrow, one for the county officers and one for the district officers.

There will be separate ballots and the work would have been too much for the clerks to issue two ballots to each voter and would have delayed the voting. We think the plan adopted is the best.

STATE NEWS

Governor Wilson is planning a new system for the examination of every department of the State government, in order to make impossible a repetition of the defalcations which have been carried on so successfully by Judge C. E. Boor, claim clerk, for many years. The Governor contemplates a thorough examination of each department every six months, and the closest system of checking up between the different departments which work together in the fiscal affairs of the government. He may ask the Legislature to create the office of Controller, with duties solely to keep in check every department and know exactly the condition of the accounts of each official and clerk.

H. E. Roseberry, of Sardis, Ky., whose sensational trial before the Kentucky annual conference of the M. E. Church, South, as published at the time, was given a sentence of three years at Chattanooga in the State penitentiary for eloping with Miss Carrie Mastin, aged 16 years. Roseberry showed his appreciation of the action of the Kentucky conference in session here, which exonerated him, by returning to Sardis, getting his girl and hiking for Chattanooga. Roseberry has a family at Sardis.

Peter Clinch, of St. John, N. B., representative of the Canadian Government, and John Evans, of Waterloo, Ont., who have been in Lexington several days buying horses for the Canadian Government and private owners, were stopped, because the quarantine established by Canada against all live stock intended for Canada, which has to pass through the States of New York, Pennsylvania, Michigan or Massachusetts because of the foot and mouth disease.

The banner of the Mason county Equity Society has been hoisted over the American Tobacco Company's big plant at Maysville, when work was begun rehandling, sampling and pricing the 7,000 hogheads of Mason county tobacco sold to the trust.

It will take two months to complete the job, and every idle man in the city was put to work. The late rains have put tobacco in shape, and delivery is now being made of the 1907 crop.

Charles Johnson, a prominent livery stable man of Stamping Ground, Scott county, has mysteriously disappeared from his home. He is said to have told his son when he left home that there were some small debts he wished paid and not to look for him until he saw him. His family, consisting of a wife and four children are much worried over his strange disappearance.

The drought having reached an acute stage in Crittenden county, the congregations of all the churches last Sunday offered a special prayer for rain. The answer was prompt, for a light shower fell the next afternoon, and on Monday night there was a regular gully-washer, and the drought was most effectively broken.

Paul A. McDonald, who committed suicide at Hot Springs last week, was well-known in Kentucky. He was the son of the Rev. Dr. Henry McDonald, who was pastor of the Shelbyville Baptist church from April, 1900, to January 1904.

Col. Phil B. Thompson, veteran of two wars, a noted lawyer, and nestor of the Harrodsburg bar, died last Saturday morning, aged 88 years.

Robert Brewer, a prominent young farmer, was shot and instantly killed in Boyle county by his neighbor, George Gordon. Brewer attempted to pass Gordon in the road, when a dispute arose. Gordon was arrested and placed in jail.

It is learned that Capt. Sam Blackburn, formerly of Woodford county, and well-known in the State, with his wife and baby had a narrow escape from death when the Panama line steamer Finance was sunk.

Matt J. Winn, the Louisville turf magnate, has been asked to assume the management of the greatest horse racing proposition in the history of the turf.

To The Republicans of Knox County.

I desire to say that I, a short time ago, became a candidate for the nomination for the office of Surveyor of Knox county, subject to action of the Republican primary election to be held December 5, 1908, and that I have not had time, owing to my business affairs to see many of the Republicans of the county, relative to my candidacy, and will not have time to make a thorough canvass of the county between now and the time the said primary will be held. I desire to say further that F. M. Rees, who is a candidate for the nomination for said office, and I agreed on a committee of several Republicans to decide which one of us should withdraw from the race, and the committee decided that I should withdraw.

For these reasons I hereby withdraw from the race and in doing so I sincerely thank my many friends for their earnest support of my candidacy.

Wm. Parker.

Nov. 30, 1908.

Entertained.

Last Saturday evening at her home on Pine street, Mrs. James Miller entertained a number of her friends in honor of Miss Mary Hope Carpenter, who was the guest of Misses Gertrude and Georgia Black. Those present were: Miss Carpenter, Misses Black, Mrs. O. C. McClung, Miss Mayne Johnson, Mrs. James Faulker, Miss Ida Hitchcock and Miss Elizabeth Johnson. Delicious refreshments were served and a pleasant evening enjoyed by all.

Miss Mary Hope Carpenter, of Perryville, Ky., was the guest of honor of an afternoon reception given the 27th, by the Misses Gertrude and Georgia Black at their lovely home on Main street.

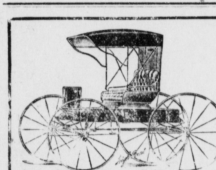

The time passed delightfully and all too quickly in pleasant conversation interspersed with the sublime and ridiculous, the former consisting of instrumental solo rendered by Mrs. McClung; the latter a reading in negro dialect by Miss Carpenter, wherein we learned that the "hilar culebra" as taught at the cemetery "was anything but enviable and feared to be contagious and incidentally we, who were inclined to philosophize decidedly with the narrow-minded man to let old wrinkles come with mirth and laughter.

At five o'clock the doors were thrown open and those present ushered into the elegant dining-room where amidst palms and ferns the bleak November days—the saddest of the year—were forgotten here.

The daiquiri of refreshment were served, a la mode by the Misses Leslie Miller and Lucy Tinsley. At last those fortunate ones came to bid their charming hostess and their "Auff Wiedersehen" and vowing the Miss Black to be perfect connoisseurs in the art of entertaining.

Any one sending a sketch and description may obtain a patent. The inventor is not required to pay anything until the patent is granted. The inventor is not required to pay anything until the patent is granted. The inventor is not required to pay anything until the patent is granted.

There's a reason why. If you haven't agency write us about it. Wholesale only. Address: HIGH POINT, N. C.

Ask the Man of the House

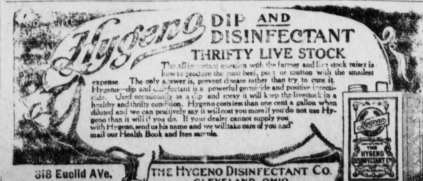

to do the washing—do it over the rubboard, if that's what you use, or with the cumbersome wooden washing machine if you have one, but for his regular job—that would be too hard for him, but just long enough to know how hard it is for you to do the washing without the best equipment—how much you need a

Syracuse "EASY" Washer

to detach the work and save your energy. Why not have a washer, and have it now, that meets all the requirements? Made of galvanized steel, rust proof; indestructible, clean and sanitary; no wooden parts to soak up and retain impurities from dirty suds; no man or motor required to run it; easy because it creates water force by the frictionless air pressure process.

No matter how disappointing other washers may have been try an "EASY" and try it now, at our expense for 30 days. Ask for our free book. Pages 21-22 tell you how to save one-half the soap.

DODGE & ZUILL, 24 Dillaye Bldg., Syracuse, N. Y.

Building Notes.

Dr. J. B. Westerfield is installing his heat plant in his new residence which will soon be completed and ready for occupancy.

John Calebs has his new six room cottage on Senoel street almost completed and will have a very snug, comfortable home.

J. O. Gibson has begun excavating for the new building he will build on the site where his store house burned during the recent fire.

The new steel ceiling has been placed in position in the bank building in the new hotel.

Larkin Miller will soon have his double store room in the South side of the public square under roof.

Lee Sealf has completed the brick work on his new barber shop on the west side of public square.

M. Lunsford will begin at once to erect a three story brick building on the corner of Main and public square.

Cocking Main in Courthouse

In a pit built on the judge's rostrum in the courthouse in Frankfort, Ky., there will be several cockfights in the first week in December for the purpose of determining the best game cock in Kentucky. This is a new departure in judging cocks at a poultry exhibition, for heretofore it has been beauty, size and style that have won the blue ribbon, but this year the best and gamest "scrapper" will be rewarded.

The fights will be conducted in the presence of all comers, men, women and children, and they will have an opportunity to see, many of them for the first time in their lives, the principal pastime of Southern men. It is a felony to fight cocks in Kentucky, so that when the county officials are among the spectators the cocks will spar with muffs, but when the county officials are not on duty there will be something doing in the oldest courthouse in Kentucky.—Lexington Leader.

Subscribed and sworn to before me this 1st day of Dec., 1908.

J. F. STANFILL, Notary Public.

December 2, Coldest Day.

December 2, made a record Wednesday morning, when the thermometer at 7 o'clock registered 16 degrees above zero, as officially given by the local weather bureau. This is the coldest weather for December since the establishment of the local station in 1871. The warmest weather on record for this date was in 1891, when the thermometer registered 53 degrees above zero. The mercury rose slowly from 16 degrees at 7 o'clock to 24 degrees at noon. The Weather Bureau stated that the weather would continue cold Wednesday night and Thursday, with, if anything, a slight moderation. Forecaster Noyes stated that he did not think the cold had any ill effect on wheat and rye, as the ground is dry and the frost had little chance to get to the roots of the grains.—Lexington Leader.

The Advocate will endeavor during the coming year to have regular correspondence from all point in the county.

The Justice of the Peace and Constables change according to District, but the county candidates appear in regular order throughout the county (except the name of W. M. Parker, for Surveyor, whose name appears on ballot in 1st and 2nd districts, who has withdrawn from the race). Every voter is entitled to vote under every heading for the candidate of his choice by stamping in the square opposite the name of the person he desires to vote for.

Magistrate of G. K. Vaught, of the Junction City, was struck by a fast passenger train in the Danville yards late Friday afternoon and instantly killed. He was serving his second term as magistrate in the Junction City district.

Secretary J. D. Clark, of the Fayette County Board of Control, went to Winchester Monday to begin checking over the samples of Equity tobacco at the Burley Tobacco Society headquarters preparatory to the delivery of the purchased tobacco.

CANDIDATES ANNOUNCEMENTS.

Primary Election, Dec. 5th, 1908.

For Circuit Judge.

We are authorized to announce HON. WILLIAM LEWIS of Laurel County as a candidate for CIRCUIT JUDGE of this, the 27th Judicial District of Kentucky, subject to the action of the Republican party as expressed by primary election, December 5th, 1908. The vote and influence of everyone is earnestly solicited.

For Commonwealth's Attorney.

We are authorized to announce J. C. CLOYD, of Manchester, as a candidate for the office of Commonwealth's Attorney, for this the Twenty-seventh Judicial District, subject to the action of the Republican primary election to be held December 5th, 1908. Your vote and influence is earnestly solicited.

We are authorized to announce

CAPT. B. B. GOLDEN, of Barbourville, Knox county, as a candidate for the office of Commonwealth's Attorney of this the 27th Judicial District of Kentucky, subject to the action of the Republican party as expressed in Primary Election, December 5th, 1908. The vote and influence of everyone is earnestly solicited.

ROBERT BOYD, of London, Laurel county, as a candidate for Commonwealth's Attorney, subject to the action of the Republican Primary, December 5th, 1908. Your vote and influence is earnestly solicited and will be appreciated.

A Square Deal.

Tomorrow (Saturday,) the Republicans of Knox county, will hold their county primary to make nominations for all the county, and also the district makes nominations at the same time for Circuit Judge and Commonwealth's Attorney.

We hope that every candidate will conduct himself in such a manner as will reflect credit upon him whether elected or defeated.

There have been talk of fraud and rascality, but let's not have anything of this kind. Let every candidate resent any proposition to take any undue advantage of his opponent or of his fellow voter.

A square deal will hurt no man and will give the people a chance to say who they want to serve as their officials, and that is what we stand for.

The ballot is an easy one to vote. Start at the top of the first column and all the candidates for the various offices to be voted for are grouped between heavy rules.

Pick your man for each office and vote for your choice by stamping in the square opposite the candidates name, fold your ballot and send it deposited in the ballot box, then you have done your whole duty, retire.

Barbourville, 5,000.

One of the good friends of the Mountain Advocate said this week to the Advocate man "I thought when you began talking about Barbourville 5,000 by 1910 that it was idle talk, but I now believe that you was right and I would not be surprised to see the population get even above that if the present rate of improvements and building is kept up."

This is not the only one who has been convinced that we were correct in our contention.

It will be an easy matter for us to reach the 5,000 mark if every one will lend a helping hand.

Now let some one take hold of the canning factory, and another the overalls factory and put them into active operation and the result will more than reach the 5,000 mark by 1910, and at the same time make a paying investment for those who understand the project.

These are only a few of the things that help make a city and Barbourville has every qualification necessary to be the leading city of Southeastern Kentucky.

Watch Barbourville grow.

Clarence LeBois, President of the Burley Tobacco Society, has closed a deal with Captain J. H. Carter, of Fayette county, for the purchase of the latter's farm on the Briar Hill pike, comprising 263 acres of blue grass land. It is said that the price is over \$20,000.

The man who hides his money away instead of depositing it in bank is a detriment and hinderance to his community, for the simple reason that he assists in making money scarce, thus preventing the man who would do something, from securing a loan from the bank and making an improvement or increasing his business. It is not only more business-like to place one's money in bank, but it assists business in general. The great number of depositors at the First National Bank, of Barbourville, has made it easy for that bank to accommodate its patrons, and its patrons have been pushing business and making money and that is why Barbourville is growing so fast and this community is so prosperous.

TYPHOID

Warning is Sounded by Dr. Mathews

President of State Board of Health Advises Boiling of Water and Warns People Against Wells

Warning against typhoid fever has been sounded by Dr. J. S. Mathews, president of the Kentucky State Board of Health, and his associates on the board, as epidemic are being reported from all parts of the State. It is to prevent an epidemic that Dr. Mathews has sounded the warning.

Now that there has been considerable rain Dr. Mathews is fearful that the people will become careless thinking that the drought is broken and that danger of typhoid fever has been removed. This is not the case, he said, but the recent rains have made typhoid fever germs more abundant. He says that the rainfalls have not eradicated the evil, but that all streams and wells remain cesspools of corruption as far as the germs are concerned.

"It is a crime for anybody to have typhoid fever now," said Dr. Mathews. "The disease is easily prevented and now that the people have been warned there is no reason why we should have trouble with it. Reports from all parts of the State are to the effect that there are epidemics and of a serious nature. Naturally they are the result of the continued drought. The fact that the drought is broken does not indicate that the danger of typhoid has been reduced. On the contrary the danger is more apparent and every precaution should now be taken.

"The typhoid fever germ must be taken into the system through the mouth. It is in the water or milk that we drink. Let every person see to it that the water and milk are pure, and there will be no danger. All water should be boiled and milk should go through the same process at this particular time when every place is charged with germs. The real danger comes from drinking well water. Under no circumstances should this water be used until it is boiled.

"It doubt exists as to the advisability of drinking water from certain wells, let samples of water be sent to the authorities at the State Universities at Lexington, where an analysis will be made free of charge.

"Louisville is naturally more susceptible to typhoid fever than any other city in the United States. It is so recognized by the medical authorities the country over. There are more deaths in Louisville from typhoid fever than there has been in New Orleans from the dreadful yellow fever. That scourge has been stamped out and typhoid will be practically unknown if people will follow the advice of the State Board of Health. The warning cannot be put too strong and emphatic. Let the people beware of wells and streams, and drink no water unless it has been boiled or filtered. Just a little precaution and there is no danger.

20 Years With Heart Trouble

"Dr. Miles' Heart Remedy has cured me of heart disease of over 20 years' standing. I was so bad that I could not do my work, and could scarcely draw a full breath without fainting or smothering. The doctor told me he could do no more for me; then I commenced taking the Heart Remedy. I shall never forget that night. I slept better than I had before in months. I kept right on getting better, until I was perfectly well."

MRS. LAURA RUSSELL, Logan, Iowa. When the heart action is weak, it fails to pump the blood through the lungs with sufficient rapidity. Then the lungs do not absorb the proper amount of oxygen, although they may be taking in a normal amount of air. The result is shortness of breath, smothering spells, difficult breathing, oppressed feeling in chest. Dr. Miles' Heart Remedy strengthens the heart nerves and muscles, and in this way increases the circulation.

Get a bottle from your druggist. Take it according to directions, and if it does not benefit he will return your money.

PERSONALS
Around Town

Two children of W. F. Amis are on the sick list this week.
Gertrude, little daughter of W. W. Byrley, is on the sick list.

Miss Clarence Albright has returned from a visit to friends at Lexington.

Mrs. Laura Doan will leave Sunday for Etowah, Tenn., on an extended visit.

Miss Nell Barner returned Wednesday from a visitor to her sister, Nora, who is in college at Lexington.

Judge Wm. Lewis was in town Wednesday and says he is confident of winning the nomination.

"Tillie" Wilson has been this week visiting home folks. He is located at Pineville in the drug business.

L. B. Reid and family, have returned to this city and will remain here during the winter and perhaps longer.

Mrs. A. C. Hall will leave next Sunday for Atlanta, Ga., to join her husband who is located there at present.

Broadas, the little son of Rev. and Mrs. L. B. Arvin, who has had an attack of pneumonia, is at this time convalescent.

Vader McDonald, looking as handsome and jolly as ever, came up from St. Mary's yesterday and will visit homefolks for a day or two.

J. A. Gilliam came down from Corbin yesterday and fixed all the ballot boxes for the double primary that comes off tomorrow.

Mrs. G. W. Stone, of Litchfield, joined her husband, Judge Stone, here last week and has spent a week in our city. She is very favorably impressed with Barbourville and there is a possibility that Judge Stone may yet locate in our city.

Van Bain, of Elys, was a pleasant caller at this office last Tuesday and handed us cash on subscription and ordered the Advocate sent to his address, saying he wanted to get the news and the Advocate was the best medium through which he could get it.

LOCAL LOOM.

This is fine weather for hog-killing.

Won't you be glad when the primary is over?

How about your subscription to the Advocate.

Born, last Monday to the wife of Frank Baker, of this city, a ten and one-half pound boy.

The boys have had a fine time electioneering but the fun is now almost over.

The new hose reel has arrived and the fire department will soon be equipped ready for fighting.

Tomorrow will be the Republican primary, let every Republican go to the poll and vote.

Get your Xmas ad in the Advocate, thereby reaching more people than any other known way.

H. L. Hatton is an applicant for the position of Chief of the fire department which will soon be organized here.

The last few days has been pretty cold on candidates who have been making their final roundup.

The race for Circuit Judge has been a warm one but it looks now like Lewis has it in by a safe majority.

Musical.

Miss S. E. Miller will give a musical entertainment at the Baptist Institute chapel Wednesday night, December 9, at eight o'clock. Everybody cordially invited. All free.

Get in line. Keep up with your town. Have a nice bath installed. See Sawyer, the Plumber

The election will soon be over and now for Christmas. The Advocate's columns are open to advertisers.

Col. Jackson Frost, is due in this city Saturday night. Come on Col. but "drap light" on the boys who came out behind.

Come and see my line of water goods at Sevier's building, on Court house square. Estimates freely and cheerfully made on water and gas jobs. See Sawyer, the Plumber.

Died, Sunday morning about 2 o'clock, the six months old infant of Will Henderson, the barber, and was buried Monday in the Colored burying ground.

This office has printed and delivered the ballots for the Knox county primary this week, besides thousands of candidate cards and other matter besides the newspaper.

L. R. Benjamin, our popular telephone manager is preparing to give the election news to the public Saturday night from all over the district, and county as well.

Make the heart of the little ones glad by remembering them with a visit from old Santa Claus. The Advocate will tell you where he will have his headquarters in Barbourville.

A gushing vein of oil was struck by operator Hyman, near this city. The oil flowed over the derrick, and the discovery may lead to an increase of the oil business in this county.

Mr. Nathaniel (Nat) Brittain, of Woodbine, a brother of our townsman, P. D. Brittain, and an old soldier of the war of 1861-65, is very young of infirmities of old age and not expected to live but a short time.

Judge Stone suspended court Monday for the week, owing to the fact that everybody was so taken up with the primary that it was impossible to accomplish anything in court. Court will convene again next Monday.

In the judicial race, Judge Faulkner has adopted the picture of the Knox county courthouse, while Mr. Lewis has adopted the photo of himself.

Mr. Cloyd also has his own photo as his device.

Nimrod Lunsford has purchased the corner lot on Main street and public square from J. H. and T. S. Wilson and Alexander Sevier, fronting 50 feet on the public square and 95 feet on Main street, for \$5,000, and will erect a three story brick business house at early date.

Have you made up your mind on what kind of fixtures you want in your bath room. If not come and see my line. If we haven't what you want we can get it at once. I will soon have in a line of instantaneous automatic gas heaters. Eliminate the old tank See Sawyer, the Plumber.

A Card From Joe.

A card received here this week from Rev. Joseph Bretz, who is located at Salsbury, Pa., states that he closed a meeting at one of his appointments on Nov. 14, with 37 conversions, 6 reclaimed and 37 additions to the church.

This was a three weeks meeting. Since then he has begun another meeting at another point in his charge, and the meeting has not been in progress yet a week and he reports 19 conversions and several reclaimed and 18 united with the church. The meeting is still in progress.

Prof. W. C. Grinstead, one of the best known educators in Central Kentucky, and for twenty years principal of the Danville graded school, died in Danville last Sunday. He was a brother of Mayor Grinstead, of Louisville, and was prominently related throughout the State. For many years he had been a lecturer on educational topics in Kentucky and other States—Louisville Times, Nov. 30.

John C. Martin, a molder, who gave his place of residence as Richmond, Ind., and Mrs. Parsida Martin, of Louisville, were married in Jeffersonville by Magistrate Benjamin J. Ferguson. They were not related before making the trip. The bridegroom was born in Knox county, Ky., and is a son of John Martin, a farmer, whose home is near Gray, Ky. The bride is a native of Tennessee. She was married once before.—Courier-Journal, Nov. 30.

Oyster Supper.

The Board of Trustees of the First Methodist Church will give an oyster supper at the home of Col. and Mrs. W. R. Hughes, on Pine street, on Saturday evening December 12, 1908.

Everybody is invited to come and enjoy the occasion. The trustees will do the serving of the oysters themselves.

This will be a novel as well as an interesting affair. Proceeds for the benefit of the church.

Floyd Frazier Captured.

Floyd Frazier, who, with seven others made his escape from the Pineville jail about two weeks ago, was captured last Thursday in Tennessee and returned to the Pineville jail.

Reservoir Completed.

The new reservoir of the Water Works Company, on Knox Gem mountain, has been completed, and the water turned into it.

The manager of the water company notified the Mayor of our city on Tuesday morning, Dec. 1, that the company was now ready to supply water to the city for fire protection.

The new hose have been shipped and are expected to arrive at any time, then we will be ready to put up a fight when the next fire starts in our town.

Insurance will now be cut down and the citizens save money.

Heifer Taken Up.

There came to my premises on May 1, last, one real heifer more than one year old, and has been continuously ever since. Owner can have same by proving property and paying cost of keeping and advertising.

Nelson Messer, Bimble, Ky.

Address or call on
J. M. ROBSON,
Barbourville, Ky.

MRS. BARRETT. Trained Nurse.
Boroxide Chemical Company.
PINEVILLE, KY.

Gentlemen:—We are using Barrett's Boroxide Salve in our stables, for sore shoulders, sore backs and all cuts and bruises that occur to our mules in the mines, and find it the best remedy we have ever used. For scratches it is unexcelled. We also sell it in our commissary, and sell more of it than all other salves we handle combined.

Yours respectfully,
CRAWFORD & Co., Lessees,

LET THERE BE LIGHT!
If you want the light of day to shine in your home throughout the night, you must have an Electric Light installed, see M. P. MILLER, and have him make you a price on installing an electric light wire in your residence or business house.
The most satisfactory light ever used is electric light—no heat or odor usually experienced as by users of the lamp, always ready, no chimneys to clean, no danger of fire, cheaper than kerosene. Try it and be convinced.
M. P. MILLER,
MANAGER.
Barbourville Electric Light Plant

PILLAR Extension Tables
Absolutely high grade in every respect. Built throughout of the finest selected stock. All carving clear cut. Every piece of lumber which enters the construction of our tables is selected with the greatest care. Where one piece joins to the next, it is locked by special dove tailing, thus insuring the strongest joints. Only the most skilled cabinet makers are employed.
Each table is treated with five coats of finishing material thoroughly dried and sanded between each coat. Rubbed and polished to a mirror-like brilliancy. Send for full description of our two leaders, Nov 22nd, and 2nd's, with prices and name of dealer in your vicinity handling our goods. You might just as well procure the best when it comes no more. A full guarantee with every table.
